FOREWORD

At first thought, an *Alumni Directory* may seem as impersonal as a Telephone Book, merely a listing of names and addresses for ready reference. Actually, with some exceptions, each of the thousands of entries which make up this volume represents the life and labor of a man or woman in one or another of the ministries of the Church of Christ throughout the world.

Those who have prepared this *Directory* and we who shall use it are vividly alive to this fact. It will serve not only as a guide to the present location and occupation of each alumnus but also as a reminder of the person whom we knew years ago within the halls of Union Seminary and a recapitulation of the places and tasks which have claimed his devotion over the years since graduation. Therefore, I am happy to seize this occasion to send greetings to each member of the larger Community of Union Seminary, scattered in every corner of the earth in the most diverse undertakings which together make up the fullness of the service of Christ in our day.

May the pages of this volume come to life for all who use it as a composite record of corporate service in a single great Cause. May it bring challenging and inspiring illumination as to the reach and variety of that service. May it rekindle awareness of the ties which unite those whose biographies are here recorded in common loyalty to the Institution which prepared them for their several ministries, to the ideals of "solid learning, true piety and enlightened experience" which guided their preparation at Union Seminary, and above all to the Church and its Master to whose service our lives are committed.

PREFACE

This new edition of the Alumni Directory (formerly called "Catalogue") supersedes earlier listings of the officers, faculty members and alumni of Union Seminary.

Established in 1836, the Seminary issued Annual Catalogues for the years 1841–42 to 1848–49 which contained a list of all students previously graduated. As the number of names increased, a series of Catalogues appeared in 1850, 1853, 1856, 1859 and 1865 in which the names of Seminary officers and faculty members were included. Brief biographical sketches of each alumnus were first given in the Catalogue of 1865 which was followed by a General Catalogue in 1876. This plan was followed in subsequent editions of the Catalogue which appeared approximately each decade thereafter. The present edition, the first since 1947, includes graduates of the Class of 1958.

This Directory contains a record of all former students of the Seminary who completed at least one full year of study or the equivalent, whether or not they received a degree. Each class, including former students of the School of Sacred Music, is divided into two groups: (1) Those who received degrees and (2) those who qualify as alumni through a year of study at the Seminary or who received graduate degrees in cooperation with Columbia University and Teachers College.

Alumni who died prior to 1947 and whose biographical sketches may be found in earlier editions of the Directory are listed only by name with the date of death. Complete biographical sketches are included for alumni who are known to have died since 1947. All others, known or assumed to be living, are included with records giving the name in full; college graduation with date and name of college; later graduate study and seminary training with dates of residence and degrees; date of ordination with name of denomination and of the ordaining body; pastoral charges and other positions held after graduation with dates; and honorary degrees with the name of the institution which conferred them and the dates. Limitations of space have made it impossible to include special honors, books written and other biographical data which may often be found in the various types of "Who's Who" publications. In a few cases names of alumni are omitted at their own request. The numbers in each class are totalled at the end of the class roster.

A single date after the name of a college indicates the year of graduation. The degree of A.B. is usually to be understood unless another degree is mentioned or except in special cases, such as alumni of the School of Sacred Music, where there is reason for listing the A.B. degree. Entries following college graduation give the period of study in residence in semi-

naries or in other institutions, with degrees received. In these entries, single dates indicate either the year in which a degree was received, or study during only one term, either spring or fall according to the context. Abbreviations used are listed in a special section in the back of the Directory.

Every care was exercised, within the limits of the Seminary's resources of staff and funds, to make this new Alumni Directory complete and accurate. Questionnaires were sent to all alumni whose addresses were known or could be secured. These were followed by second and third requests when no response was received. When these three mailings produced no results, information was sought from newspaper clippings, class letters and secretaries, denominational yearbooks and members of the Seminary staff. When all these efforts failed to provide up-to-date information, the name of the alumnus was marked with (†) and the reader is referred to the edition of 1947 as the only record in our possession. Corrections and suggestions for future issues of the Directory will be most welcome.

A volume of this kind can hardly be said to have an editor. It is a composite work, involving many people on the Seminary staff and the alumni themselves for whose cooperation we are deeply grateful. To the Board of Directors who have authorized this Directory, we all owe a hearty vote of thanks.

EDWIN O. KENNEDY
Secretary of the Seminary

INDEX

Arabic numerals alone, following the name, indicate the year of graduation. When preceded by "p" the name will be found in the second alphabetical list under the given year. Prior to 1870 the year is given in full. Beginning with 1870 the first two figures are omitted.

Names of members of the Faculty and of others connected with the teaching staff are printed in *capital letters* and are followed by *roman numerals* which refer to the pages preceding the records of alumni, where records of the Faculty and teaching staff are given.

An asterisk (*) follows the names of the deceased. Complete records of those deceased prior to 1926 will be found in the edition of 1926, and of those who died between 1926 and 1936, in the edition of 1937.
